

Medical Society of Delaware
LEADING THE WAY TO A HEALTHY DELAWARE

Do you have a colleague who is not an MSD member?

Recruit him or her and earn a \$100 credit on your MSD dues!

Full dues paying members who recruit new physician members to the Medical Society of Delaware will earn a \$100 credit toward dues. Additional recruits will earn additional rewards.

1 new member = \$100

2 new members = \$200

3 new members = \$300

4 new members = \$400

5 new members = full dues credit

6 new members = full dues credit plus \$100 toward the next dues year

7 new members = full dues credit plus \$200 toward the next dues year, and so on.

- For MSD members in the Associate member category, the incentive is \$50 for each new physician member recruited, up to the total for that year's dues.
- Eligible new members must be fulltime active members.
- The incentive does not apply to Affiliate members, e.g. physicians in an internship, residency, or fellowship program (these members do not pay dues), or physician assistant.
- The new member application will include the question: "If a current MSD member recruited you, please print his/her name." This blank must be filled with the MSD member's name in order for him/her to receive the credit.
- Credit of the recruitment incentive will be made only after the new member pays his/her required dues.
